

**VILLAGE OF NEW GLARUS
PARKS & RECREATION COMMITTEE
3/12/25 6:00 P.M.
Village Hall Board Room
319 2nd Street, New Glarus, WI**

AGENDA:

1. Call to Order
2. Approval of Agenda
3. Public Comment Period
4. Approval of November 13, 2024 Minutes
5. Monthly Parks & Recreation Report
6. Consideration/Discussion: Jack Links Application for Exclusive Use of Village Park – June 20, 2025
7. Consideration/Discussion: Portable Restroom Quotes
8. Consideration/Discussion: Hoesly Pond Management
9. Adjournment

Jaime Craig, Chair Parks & Recreation Committee

AGENDA

POSTED: N.G. Village Hall 3/7/25
 N.G. Post Office 3/7/25
 Bank of New Glarus 3/7/25

Kelsey A. Jenson, Clerk

PURSUANT TO APPLICABLE LAW, NOTICE IS HEREBY GIVEN THAT A QUORUM OR A MAJORITY OF THE NEW GLARUS VILLAGE BOARD OF TRUSTEES MAY ATTEND THIS MEETING. INFORMATION PRESENTED AT THIS MEETING MAY HELP FORM THE RATIONALE BEHIND FUTURE ACTIONS THAT MAY BE TAKEN BY THE NEW GLARUS VILLAGE BOARD.

PERSONS REQUIRING ADDITIONAL SERVICES TO PARTICIPATE IN A PUBLIC MEETING MAY CONTACT THE VILLAGE CLERK FOR ASSISTANCE AT 527-2510.

Village of New Glarus
Parks and Recreation Meeting Minutes
November 13, 2024 - 6:00 PM

MEETING CALL TO ORDER: Jesse Donahue called meeting to order at 6:01 PM.

PRESENT: Jesse Donahue, Larry Steussy

ABSENT: Jaime Craig

ALSO PRESENT: Village Administrator Lauren Freeman, Parks & Recreation Director Megan Buol, Public Works Director Scott McNett, Shelly Johnson, Kelly Ruschman

APPROVAL OF AGENDA: Motion by Larry Steussy to approve agenda, seconded by Jesse Donahue. Motion carried 2-0.

APPROVAL OF MINUTES FROM 9.25.24: Motion by Larry Steussy to approve minutes, seconded by Jesse Donahue. Motion carried 2-0.

MONTHLY PARKS & RECREATION REPORT: Village Administrator Lauren Freeman and Parks & Recreation Director Megan Buol provided an update to the committee.

CONSIDERATION/DISCUSSION: Parks & Recreation Survey Results: Village Administrator Lauren Freeman and Parks & Recreation Director Megan Buol discussed results of the parks & recreation survey with the committee. No action taken.

CONSIDERATION/DISCUSSION: Candy Cane Park Signage: Shelly Johnson shared a proposed sign update at Candy Cane Park. No action taken.

CONSIDERATION/DISCUSSION: Dog Park Update: Administrator Freeman shared an update on the dog park planning. No action taken.

The meeting was adjourned at 6:41 PM.

-Lauren Freeman
Village Administrator

NON-REFUNDABLE APPLICATION FEE: \$50.00 Resident/ \$75.00 Non-Resident
VETERAN'S MEMORIAL PARK: \$75.00 Resident/ \$100.00 Non-Resident

PERMIT NO.: 25PARK03

INSURANCE ON FILE: yes

**VILLAGE OF NEW GLARUS
APPLICATION FOR USE OF VILLAGE PARK**

Special events are governed by village ordinances and organizers are responsible for all necessary permits, trash and litter pickup, and for damage to any property, as well as possible billing for village services. The organization/organizer agrees to be responsible for the supervision of the event and conduct of persons present.

APPLICANT NAME: KEVIN OVERST

Estimate # 113774
Estimate Date Jan 2, 2025

Estimate To:

Village of New Glarus
319 2nd St
New Glarus, WI 53574

Estimate Amount \$6,900.00

Customer ID C2217	PO #	Clerk AM	Expiration Date Jan 2, 2025
----------------------	------	-------------	--------------------------------

Site: N/A

Line #	Service	Rate	Qty.	Amount	Tax	Amount with tax
1	Monthly Rental ADA Six Handicap Units with Weekly Service (April 1 - November 1)	\$1,150.00	6	\$6,900.00		\$6,900.00
Estimate Subtotal						\$6,900.00
Tax (01) - Green County Non-Taxable Sales - 0%						\$0.00
Estimate Total						\$6,900.00

Attached is a quote for the 2025 New Glarus Parks portable restroom rentals. In an attempt to provide a more competitive bid while also providing more value to the village, and the end users of the portable restrooms I have included weekly service of the restrooms in our bid, while bringing down the base price from our 2024 estimate. With weekly servicing of the restrooms end users can be assured of a better experience no matter the other events going on around town like festivals or ball tournaments.

We are able to provide this competitive pricing due to our other working relationships in the village such as: New Glarus Brewing, the ongoing construction at New Glarus Brewing, New Glarus School District Athletics, the ongoing construction at the elementary school, BJoin Limestone Quarry, Edelweiss Chalet Country Club, the New Glarus Chamber, and numerous home builders in the area. With greater route density our fuel costs come down for each customer and allow us to pass that savings on to the village.

â€œThanks and I look forward to hearing from you!

Re: 2025 Pond Management Proposal For Pond Located at
Hoesly Dr & County Rd W,
New Glarus, Wisconsin 53574

Dear Lauren,

Thank you for allowing Wisconsin Lake & Pond Resource the opportunity to provide professional pond management tools and services for your pond. Our recommendations are based off similar ponds, the goals of many pond managers, and our conversations with you.

Your Next Step:

- Review pond management proposal
- Consult WLPR with questions or proposal alterations
- Discuss and choose a management plan
- Upon acceptance of a plan, obtain, sign and return Aquatic Management Services Agreement
- WLPR will apply for DNR permits for treatments annually (\$24.50 + acreage fees)

Please note that there are many recommendations within the included proposal, if you have any questions, please call **(920) 872-2032** or email **joey@wisconsinlpr.com**. Wisconsin Lake & Pond Resource once again would like to thank you for your interest in our pond management services. We look forward to earning your business and continue working with you.

Sincerely,

Joseph J. Berg
Eldorado Branch Manager
Wisconsin Lake & Pond Resource

Pond Management

Below is an abstract of the management options and what will be performed during a scheduled visit for your pond.

1) **Option 1: Integrated Pond Management Plan (6 monthly visits- Proactive Recommended plan)**

This option would relieve you of the management requirements and WLPR would provide full-service management (April-September). We estimate the seasonal products required so you can develop a budget and our biologists will determine which products should be applied during each inspection. This plan includes the use of pro-active enzymes and bacteria to overall improve the health and extend the lifetime of the pond. Since we are more often, this allows us to treat growth in a younger state. Staying on top of pond conditions and reacting quickly allows for less growth between visits, a more aesthetically pleasing pond, less organic accumulation over time, and allows for more proactive product usage for pond health.

- Integrated Pond Management
 - 6 Monthly Scheduled On-site Visits
 - Yearly On-site Evaluation w/ Biologist
 - Yearly Management Evaluation
 - Detailed End of Year Report
 - Licensed and Trained Professional Applicator
 - Advanced Notification and Post-Site Visit Reports
 - Water Sampling (If budget permits)
- Proactive Management Tool/Products
 - Pond Colorant
 - Water Clarity and/or Sediment Reducing Bacteria
 - Water Quality Enzymes
 - Nutrient Reduction Tools
- Reactive Management Tools/Products
 - Algaecides/Herbicides
 - Cattail/Willow/Phragmites Treatments

Recommended Integrated Management Budget- \$6,000.00 (Includes Tax) or \$5,820.00 (If Paid In Full)

**Product amounts are based on biologist's observations and manufacturers labeled application rates*

**Additional treatments/retreatments to be billed at 75% of per visit cost; subject to change pending amount of growth, site conditions, species present. Proactive management tools not included*

**Prices subject to change*

OR

2) **Option 2: Integrated Pond Management Plan (6 monthly visits- More Reactive plan)**

This option would relieve you of the management requirements and WLPR would provide full-service management (April-September). We estimate the seasonal products required so you can develop a budget and our biologists will determine which products should be applied during each inspection. This plan includes the use of pro-active enzymes and bacteria to overall improve the health and extend the lifetime of the ponds. Since we are more often, this allows us to treat growth in a younger state. Staying on top of pond conditions and reacting quickly

WISCONSIN

LAKE & POND RESOURCE

a Jones Lake Management Partner

Professional Pond Management
Aquatic Herbicide and Algaecide Applications
Lake Management Planning and Services
Pond Design and Development

allows for less growth between visits, a more aesthetically pleasing pond, less organic accumulation over time, and allows for more proactive product usage for pond health. In Option 2, there are simply less proactive tools used for pond health/prevention, so we expect some additional algaecide/herbicide use than Option 1.

- Integrated Pond Management
 - 6 Monthly Scheduled On-site Visits
 - Yearly On-site Evaluation w/ Biologist
 - Yearly Management Evaluation
 - Detailed End of Year Report
 - Licensed and Trained Professional Applicator
 - Advanced Notification and Post-Site Visit Reports
 - Water Sampling (If budget permits)
 - Proactive Management Tool/Products
 - Pond Colorant (If Desired)
 - Water Clarity and/or Sediment Reducing Bacteria
 - Water Quality Enzymes
 - Nutrient Reduction Tools
 - Reactive Management Tools/Products
 - Algaecides/Herbicides
 - Cattail/Willow/Phragmites Treatments
- Recommended Integrated Management Budget- \$4,750.00 (Includes Tax) or \$4,607.50 (If Paid In Full)**

**Product amounts are based on biologist's observations and manufacturers labeled application rates*

**Additional treatments/retreatments to be billed at 75% of per visit cost; subject to change pending amount of growth, site conditions, species present. Proactive management tools not included*

**Prices subject to change*

WLPR Products/Services (Additional Items or Support for Above Plan)

3) Nutrient (Phosphorus) Reduction Applications

With the presence of nuisance algae and vegetation we are recommending an applications of nutrient reduction tools to tie up excess phosphorus. This has helped numerous similar ponds reduce the size and frequency of blooms of growth. The products we utilize have a high affinity to rapidly bind and permanently remove phosphorus from the water column shortly after application. The phosphorus bond is permanent and cannot be broken unlike other nutrient reduction products which may have been used in the past to help reduce phosphorus in a similar fashion. Costs are included in **Nutrient Reduction** in above plan.

**For a more precise application a water sample is recommended to be collected and analyzed*

**This application is designed to reduce growth frequency and size but NOT eliminate all growth*

4) Winter Sediment Sampling – Recommended Every 3-5 years

WLPR offers an opportunity for pond owners to learn more about the health of their pond and the sediment that settles on the bottom over time. The information collected is an important

WISCONSIN

LAKE & POND RESOURCE

a Jones Lake Management Partner

Professional Pond Management
Aquatic Herbicide and Algaecide Applications
Lake Management Planning and Services
Pond Design and Development

resource for pond care and future management practices. These efforts assist our biologist in determining what products and associated applications might be required for safe, enjoyable and recreational activities! Our process occurs during the winter months when ice conditions are deemed safe enough for our staff and related equipment. A biologist will utilize lasers (if required) and an Eckman Dredge as a mechanism to be lowered to the pond basin for sample collection.

Winter Sediment Sampling Cost - \$1,000.00

**Prices subject to change*

**Taxes not included*

5) Aeration System Installation (3 Diffusers)

Based on the size and shape of the pond, we are suggesting that an aeration system be installed to help better manage the pond, and to remove stagnation. Aeration can also help to improve circulation in the pond, which in turn may help reduce overall algae growth, and improve the ecosystem as a whole. Lastly, aeration can provide the benefit of oxygenation for fishery purposes.

Pond Aeration Deluxe – P343 (115 V)

\$2,705.00

Includes:

- (1) Rocking Piston Compressor
- (3) Dual head diffusers
- (1) Cabinet w/fan
- (1) Manifold – 3 valves
- Sound Dampening
- 3/8" Self-sinking Airline @ \$1.15/ft (800 ft estimated) **\$920.00**
- Subtotal: **\$3,625.00**
- Labor/Travel/Install: **\$1,350.00**
- Total Investment: \$4,975.00**

****Electrical hook up and requirements are the responsibility of a certified electrician***

**Down payment of 50% of total cost required before installation of system*

**Additional airline to be billed at \$1.15/ft*

**Prices subject to change*

**Taxes not included*

6) Aeration Maintenance – Single Cabinet System

In order to ensure that the aeration system operates properly year after year we highly recommend performing routine maintenance on the compressor, diffusers, and overall system. This service includes diffuser cleanings, compressor maintenance (replacement of filters, mufflers, and O-rings), cabinet cleaning, and a general inspection. If you run your system year-round for fishery health and survival then we recommend having this service performed twice per year to ensure your system runs properly. If you want normal winter ice conditions (especially for child safety), the compressor will be removed at the end of the season for winter

WISCONSIN

LAKE & POND RESOURCE

a Jones Lake Management Partner

Professional Pond Management
Aquatic Herbicide and Algaecide Applications
Lake Management Planning and Services
Pond Design and Development

bench testing, storage, and maintenance. Below are the prices associated with each portion of the service with both options.

- Spring Aeration Maintenance Package - Single Cabinet System- \$300.00
 - Fall Aeration Maintenance Package - Single Cabinet System- \$300.00
- Recommended Aeration Maintenance Budget- \$600.00**

OR

- Spring Aeration Maintenance Package - Single Cabinet System- \$300.00
 - **Seasonal Shutdown Service - \$125.00 (If compressor is removed for winter such as for child safety or to maintain "normal" winter ice conditions)**
- Aeration Maintenance Budget- \$425.00**

**Does not include new or replacement parts or labor to replace/repair worn or broken components.*

Other Services Available Upon Request

- Fish Stocking Recommendations and Delivery
- Fish Structure, Fish Surveying, and Fishery Management
 - Aquatic Planting Design and Installation
 - Aeration Installation and Maintenance
- Decorative Fountain Installation and Maintenance
- Water Quality Testing and Health Assessments

If you have any questions or concerns regarding anything within this proposal, please feel free to give us a call at **(920)-872-2032** or email **joey@wisconsinlpr.com**. Wisconsin Lake & Pond Resource thanks you again for your business and support. We look forward to earning your business!
